About the MSU Center for Entrepreneurship & Innovation:

Founded five years ago, th0e Mississippi State University Entrepreneurship Center is a university-wide resource with a vision to create a culture of entrepreneurial activity, provide means to support business start-ups with awards, provide business planning and mentoring with MSU partners, create an alumni network of entrepreneurs, and partner with private businesses to expand opportunities.

The center currently supports over 70 start-ups and 110 entrepreneurs engaged with its programs, as well as manages the Jack Hatcher Engineering Entrepreneurship Seminar, one of the most popular elective course in the Bagley College of Engineering. **Learn more online at http://ecenter.msstate.edu.**

MSU Entrepreneurship Week 2016 is made possible by:

Tellus Operating Group, LLC
